GUIDANCE NOTE FOR DIGITAL LITERACY INSTRUCTORS

Adolescent Girls Initiative for Learning and Empowerment (AGILE) Project, Kaduna State

1. Operational Overview

This guidance note establishes standard operational requirements, instructional schedules, administrative tasks, and reporting channels for all Digital Literacy Instructors under the Kaduna State AGILE Project.

- Weekly Instructional Hours: Instructors must deliver a minimum of 2 hours of digital literacy training per week for each student cohort.
- Session Scheduling: Training may be delivered either as two 1 hour sessions or a single 2-hour weekly block, depending on school time-table availability.
- Training Venue: Sessions must take place in the designated school Computer Laboratory.
- Display Requirement: The official printed training timetable must be posted prominently on the wall of the Computer Laboratory at all times.

2. Manual Compliance

Instructors must strictly follow the approved Digital Literacy Training Student Manual developed for the Kaduna AGILE Project (incorporating elements of UNESCO and Microsoft Standard Digital Literacy Frameworks).

The 39-week curriculum is structured across three target levels (SS1 Basic, SS2 Intermediate, and SS3 Advanced) and five core subject areas:

- **Course One (Weeks 1–4):** Use of Computers and Digital Mobile Devices (Hardware, Operating Systems, Keyboard/Mouse operation, and Career Opportunities).
- **Course Two (Weeks 5–15):** Search, Locate, Assess, and Critically Evaluate Information on the Web (Browsing, Search Engines, E-Commerce, Email/Instant Messaging, and Web Page Authoring).
- **Course Three (Weeks 16–18):** Productivity Programs (Microsoft Word, Excel, PowerPoint, Desktop Publishing, and Access Databases).

- **Course Four (Weeks 19–29):** Computer Security and Privacy (Firewalls, Anti-virus, Protection from Online Predators, Copyright/Ethics, and Environmental Ergonomics).
- **Course Five (Weeks 30–33):** Multimedia Services (Digital Audio, Video Streaming/Editing, Digital Photography, and Web Conferencing).
- **Practical Activities, Revisions & Certifications (Weeks 34–39):** Practical Hands-on Exercises, Revision Modules, and Digital Literacy Certification Test Preparation.

Note: *Unauthorized module skipping, altering topic progression, or substituting non-approved teaching materials is strictly prohibited.*

3. Attendance Tracking & Classroom Administration

Instructors are responsible for daily tracking and accurate record-keeping during every instructional session:

- **Attendance Sheet:** Record attendance for every class using the official `X Digital Literacy Attendance Sheet.xlsx` format.
- **Marking Key:** Mark student attendance by entering `1` for Present and `0` for Absent in the corresponding weekly column (`W1` through `W11` per term).
- Keep attendance sheets up to date and readily accessible for unannounced monitoring visits by Kaduna AGILE project supervisors.

4. Student Performance Assessment

Assessment of student learning progress is required at fixed intervals to track skill acquisition:

- **Interval & End-of-Term Assessments:** Conduct scheduled assessments and practical evaluation exercises as outlined in the curriculum (Week 12 Assessment 1, Week 13 Assessment 2, Week 25 Assessment 3, Week 26 Assessment 4, Week 38 Assessment 5, and Week 39 Assessment 6).
- **Assessment Portal:** Evaluate student performance via the official assessment platform: ds.kadagile.org.
- **Record Management:** Maintain neat, organized score records for all practical exercises, term tests, and final evaluations.

5. Monthly Progress Reporting

Instructors must report training progress through two mandatory project channels:

1. **Monthly KoboCollect Submission:** Submit quantitative monthly progress reports via the official KoboCollect portal:

- **Form Link:** https://ee.kobotoolbox.org/x/7mSowaY4
- **Submission Deadline:** Must be completed on or before the last working day of each calendar month.

2. **Instructors WhatsApp Platform:** Share routine operational updates, success stories, lab infrastructure challenges, or technical queries on the official Kaduna AGILE Digital Literacy Instructors WhatsApp Group.
